Rec'd majority
of letter on fax
from Glenn. Modified
w/ her permission to include
Lay Delegates @ our
conference. Could not
set final approval of this
addition - She didn't
return my call all week -
Mailed it
anyway...

June 26, 1995

Dear GLAD Family,

I am writing to you on behalf of the GLAD Task Force on Development; **we need your help.** We are a group of clergy and lay people who have been appointed by our District Coordinator to develop systems and structures for our District that will serve the changing needs of our local congregations and district.

Our goals include:

- determining the needs of churches of varying sizes,
- compiling and developing resources to meet these needs, and
- formulating systems for making these resources available to our congregations.

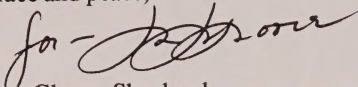

Our churches have a wealth of resources such as knowledgeable people, structured workshops, and materials for education, training, inspiration, social action, community ministries, and worship. But we are all constantly reinventing wheels because we have no access to our shared resources.

The initial phase of our project is to assess the needs of our congregations. Could an addition be made to your upcoming Lay Delegate's forum with the congregation (for General Conference participation) to include asking the congregation 'how GLAD could more effectively provide leadership and resources that will support your Church?' ? What types of programs and training do you need NOW? What can you foresee that you will need in the future? What programs of your church are you willing to share?

We are hoping to gather GLAD delegates/attendees at the General Conference to compile what has been discovered. We would like to set aside a meal at which we could all share and dream about GLAD's future. We will have an announcement made at the Conference to meet momentarily to determine the best time. Please be listening early in the week for that announcement.

Thank you for your dedication to the ministry that we all share. The Task Force on Development looks forward to working with you to create a District structure that will empower our churches to minister more effectively and efficiently. Please pray for us as we work toward equipping the churches for the future.

Grace and peace,
